

# Primary student use of mobile phones and personal devices

## Purpose

This policy provides direction to students, staff and families about managing mobile phones and other digital devices that students choose to bring to school. Digital devices include, but are not limited to, smartwatches, tablets or laptops that are not part of a separate Bring Your Own Device arrangement. This policy applies while students are at school, or attending an authorised school activity such as an excursion, during school hours.

Karrendi Primary School recognises that mobile devices (phones, smart phones, tablets etc.) are a valid and important communication tool and a part of contemporary society. However, they can be improperly used, lost, damaged or stolen and therefore, must be effectively managed.

## Mobile phone use for primary school students

The department's position is that primary aged students cannot use their mobile phones and personal devices at school during school hours. The department and the school recognise that there are legitimate reasons for students to bring a mobile phone or personal device to school. This may include:

- to ensure their safety while travelling
- so that parents can contact them outside of school hours.

During the school day students are not permitted to access or use their mobile phones or other personal devices. Students must switch off or mute their devices before handing them to their classroom teacher, to be stored away at the beginning of the school day. They will not be able to access their device until the end of the school day.

## Storage of personal devices

Students are responsible for handing mobile phones and personal devices to their class teacher, which will then be placed in a lockable cupboard or filing cabinet. These will then be returned to students at the end of the school day. If students are on an excursion, the phones or mobile devices will remain at school and be returned at the end of the day.

## If the student does not comply

If students are bringing phones or personal devices but not handing them in:

- their families will be notified
- their phone or mobile device will be confiscated

If students are bringing phones or personal devices and are using them inappropriately:

- their families will be notified and asked to attend a meeting

## Roles and responsibilities

### Principal

Make sure:

- this policy is clearly communicated and accessible to all students, staff, and families
- there is a process for regular review of the policy
- secure storage is provided for student personal devices that are handed in to school staff
- processes are in place for monitoring internet and school network use by all members of the school community.

Enforce the policy and responses to instances of non-compliance.

Report and respond to incidents of inappropriate use of personal devices in line with department policy and procedures and any legislative requirements.

Consider requests for exemptions from the policy from parents on a case-by-case basis. Make sure that approved exemptions are documented and that relevant staff are informed about students' exemptions.

Model appropriate use of mobile phones and support families to understand the importance of promoting safe, responsible and respectful use of mobile phones to their children.

### School staff

Deliver learning opportunities and maintain a safe and productive learning environment. Take steps to minimise distractions from the non-educational use of personal devices in the learning environment at times when a device is being used by a student in line with an approved exemption or in circumstances where students' devices are stored in the classroom.

Respond to instances of non-compliance in line with the school's policy.

Report and respond to incidents of inappropriate use of personal devices in line with department policy and procedures and any legislative requirements.

Make sure that any student personal devices handed in for their care are stored in a secure location and are returned to the student (or their parent).

Model appropriate use of mobile phones and support families to understand the importance of promoting safe, responsible and respectful use of mobile phones to their children.

## **Students**

Comply with the requirements of the school's policy and follow all reasonable directions from the Principal and school staff.

If permitted to use a mobile phone or personal device in line with an exemption under this policy, do so in a safe, responsible and respectful way and support peers to do the same.

Communicate respectfully with others and do not use a mobile phone or other personal device to bully, harass or threaten another person.

Respect others' rights to privacy and do not take photos, film or audio records of other people without their knowledge or permission.

## **Parents**

Support the implementation of the school's policy, including the consequences for non-compliance with the policy.

Use the school's formal communication channels in all instances to communicate with the school (including where a student requires early collection from school). Encourage their child to always report to a school staff member in the first instance if they become unwell or experience an issue at school.

Respect others' rights to privacy and not use mobile phones or other electronic devices to take photos, film or audio records of children other than their own without the consent of that child's parent/s or guardian/s.

Will not upload photos, film or audio containing children other than their own to social media network sites e.g. Facebook, Instagram, YouTube etc.

Recognise the important role they play in supporting their child to use their mobile phone (or other personal device) in a safe, responsible and respectful way.

## **Communication and review**

Many of the requirements of this policy are mandated by the Department for Education and cannot be modified.

This policy has been discussed and endorsed in consultation with school staff, Student Voice Team and Governing Council (a representative council which includes school staff, parents and school community members).

The policy can be located on our [School Website](#).

We are scheduled to review the content of this policy in February 2023, in consultation with the aforementioned groups.

## Supporting information

The following work is used in conjunction with this 'Primary student use of mobile phones and personal devices' Policy:

Karrendi Primary School Behaviour Support Policy

Karrendi Primary School Anti-Bullying and Harassment Policy

Child Protection Curriculum
