

# Welcome to our Newsletter

Friday 30th September • Week 10, Term 3 2022

## Principal's Message

It's been another productive and successful term at Karrendi. This week, there's been a flurry of celebrations for the individual accomplishments of many of our students. During our last Staff Meeting of the term, our team shared what they were most proud of so far this year, some of the highlights were the strong relationships formed with students, growth in achievement data, the establishment of the Bush Tucker Trail, and becoming a member of the special Karrendi community. We look forward to celebrating Term 4 achievements at the end of the year-it's very hard to believe how fast it's gone by!

### NAPLAN

Earlier this year, our Year 3 and Year 5 students completed the NAPLAN (National Assessment Program-Literacy and Numeracy.) If your child completed the assessment this year, their results have been sent home today. Please take your time to read through the documents provided and if you would like to discuss the results, please contact a member of our team next term.

### Deputy Principal Position

Earlier this year a consultation process occurred with staff to identify the current needs of our school and determine the leadership team structure moving forward, given that the Senior Wellbeing Leader position is in its final year of tenure. The decision to advertise a Deputy Principal position was made and the panel process (consisting of a member of our staff, a leader from another school and I) for this position is continuing. We expect that the process shall be completed by the middle of next term, when I will be able to update you on the outcome.

Wishing you all a safe and relaxing break! I look forward to welcoming you back in Term 4!

**Ella-Louise Ailmore**  
Principal

## A Message from Mr Perri

Five Ways to Wellbeing Spotlight: #2 TAKE NOTICE

As we head into to the holidays, these will be a great opportunity to practice our second of the '5 Ways to Wellbeing' - *Take Notice*. Taking notice involves being aware of how we are feeling, noticing the world around us, and focusing on the present. Slowing down and practicing awareness of our surroundings can help us feel calm and relaxed.

### These holidays, try:

- *Taking notice of the sunrise or sunset (doing this can also help our sleep cycle!)*
- *Watching the stars in the night sky*
- *Visiting a beach or park and taking in the scenery, closing your eyes and noticing the natural sounds you can hear.*

Doing these things has proven to boost psychological and emotional wellbeing and improves our ability to cope with stress.

Have a relaxing holiday break and I'll see you in Term 4!

## Diary Dates

**Week 2**  
Friday 28/10  
Bandana Day

**Week 3**  
Friday 4/11  
Pupil Free Day

**Week 4**  
Karrendi Showcase

**Week 6**  
Monday 21/11  
Swimming  
Tuesday 22/11  
Swimming  
Wednesday 23/11  
Swimming  
Thursday 24/11  
Swimming  
Friday 25/11  
Swimming

**TERM 4  
WEEK 1  
Return  
to school  
Monday 17th  
October**

## 2022 Term Dates

**Term 3**  
25 July - 30 September

**Term 4**  
17 October - 16 December

## A Message from Miss Cooke

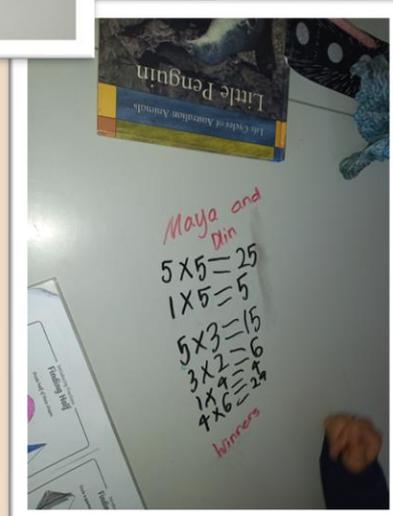

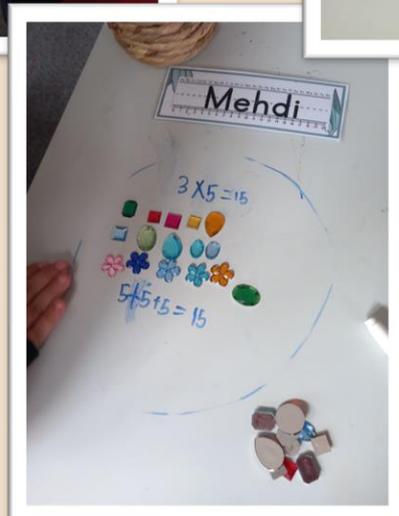

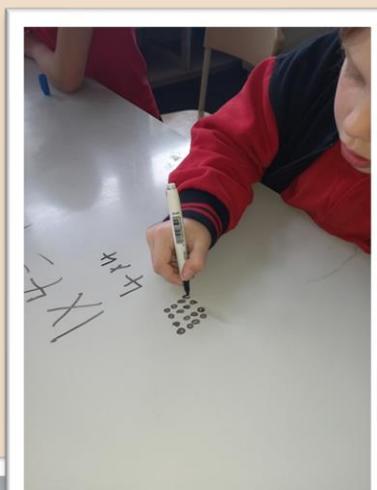

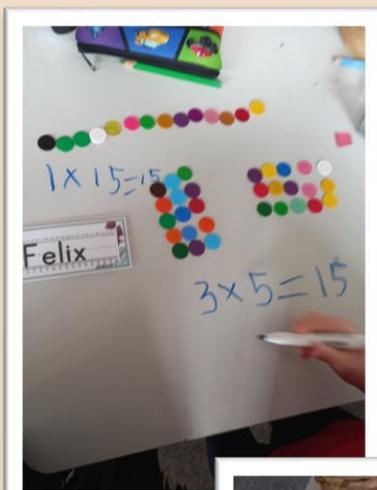

The Department for Education (DfE) school improvement model is focused on improving educational outcomes for every student. One of the ways that the Department is supporting teachers to achieve this is by releasing a series of resources that help take what is written in the Australian Curriculum and apply it to our South Australian classrooms; included in these resources are the, 'Units of Work'. The Units of Work help teachers to design learning for Reception to Year 6 students and provide evidence informed teaching, learning and assessment advice and guidance across a range of subject areas.

Our teachers have spent some time exploring the units of work in their Professional Learning Communities and discovering how to incorporate them into the positive things that are already happening at Karrendi. Term 4 will see all our teachers putting the DfE Units into action in their classrooms whilst continuing to reflect on what student data is telling them and tailoring each learning experience to the needs of each individual student. This exploration will allow our teachers to build their familiarity with the resources so that they can adopt, adapt, or draw inspiration from them when developing learning opportunities for the students in the future.

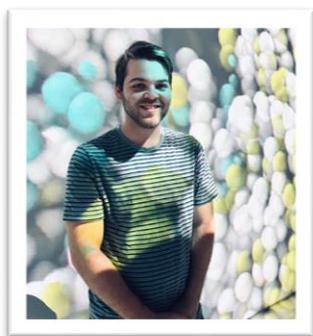

## Classroom Correspondence – Room 17 Multiplication

The last few weeks in Maths we have been learning about multiplication. We have explored situations when we would need to multiply and we have explored multiplication as 'groups of' and repeated addition. We have been using arrays to help us organise our multiplication problems and to help us use repeated addition, and even skip counting. The mathematicians in Room 17 have also been writing number sentences for multiplication using the 'x' symbol and are beginning to remember some 'times tables'!

## Meet the Staff Member

Hi everyone, my name is Harley Edmonds and I've been working at Karrendi Primary School since May this year as an SSO, and what a wonderful and friendly community I have been welcomed into! I started my journey here at Karrendi in a 1:1 support role during Term 2. In Term 3, I have been working with many different and unique groups to help build their reading and writing skills even further. I am proud of how far each student has come towards becoming confident readers! I have also been involved in supporting different classrooms, a couple of SAPSASAs, as well as the school camp last term which has allowed me to build strong relationships with many of the students. When I'm not at school, you can find me working at my hospitality job at Cafe Verde (come in for a pizza or a coffee!). In my free time, I love spending time and having a laugh with my friends, family and partner. I enjoy doing different water sports and activities, as well as the beach, going on hikes and outdoor adventures.

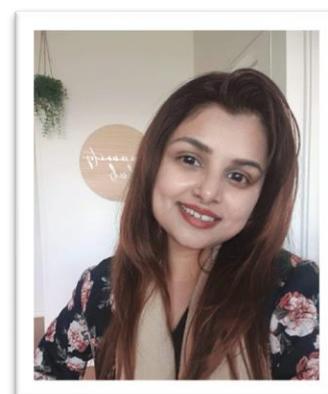

## Meet the Staff Member

Hi my name is Sadaf Arbab and I am the new Creche Worker in the Community Hub.

I have attended the English Classes in the Hub for a few years and was very excited to gain this opportunity to work with in the Hub.

I moved to Australia from Pakistan with my husband and two sons for a better life and more opportunities. I love working with children and have completed part of my Early Childhood certificate and help to look after friends and community members children while they work.

In my spare time I love going camping and doing Henna designs.

## Community Hub

I can't believe my second term with you all at Karrendi has come to an end already!! I feel like this term flew by, but what fun it has been, and I am very grateful for another amazing term here.

English Classes have been going very well with the four classes each week and this week we celebrated with an end of term party. It was lovely to enjoy all the delicious different foods that were made by the students and see the beautiful connection they have with their teacher Sue. I would love to extend a big thanks to our two creche volunteers Ellen and Sam. Myself, Sue, Sadaf and all the English students are very grateful to them for donating their time to help us be able to watch all the English students' children. We are looking forward to a wonderful Term 4 in the English Classes and continuing to watch the student learn and grow

In Playgroup we have had a fun two weeks in the Activities Room as the weather hasn't been kind to us. Last week, we had our wonderful friends from Lantana Kindergarten over to do Music and Movement and had a surprise visit from, 'Barny Banana' the children had a wonderful time. We also explored some sensory play with squishy and crunchy textures. This week we ended Playgroup off with Teddy Bears Picnic, where we enjoyed cups of tea and some yummy food.

We have had some new deliveries for the Op Shop and have lots of goodies available, this will continue to be open Monday mornings next term. I would love to give my amazing volunteer Lisa a shout out for all her hard work and time in helping me with the Op Shop! It is a big job each week setting up, packing away, hanging and displaying new stock and I wouldn't be able to do it all with out her help! So thank you Lisa I really appreciate you!

I hope everyone enjoys a well-deserved break and I'm looking forward to celebrating Term 4 with you all.

## Tag Rugby SAPSASA

On the 23<sup>rd</sup> of September, Rooms 5 and 7 travelled to Para Hills West Soccer Club to participate in the SAPSASA Tag Rugby Carnival. Although most of us had never played a game of Tag Rugby before, we learned a lot from the day. All our hard work paid off with two teams even making the Grand Final!

Unfortunately, we didn't come away with the win but we were grateful for the experience. We would like to send a big thanks to Mrs Trenorden and Miss G and especially Miss Cooke for all her hard work in organising the teams and supporting all of us on the day.

A special congratulations goes out to Jett, Betty, Ashton and Zac who were awarded a medal each after their teammates voted them as showing the best sportsmanship on the day!

## Multicultural Club

In Multicultural Club, we are looking at the festivals and celebrations of different cultures around the world during the month of September.

We learnt that on the 4th September every year, Italy celebrates “Regatta Storica” a boat racing festival. This festival with a history of more than 500 years takes place on the Grand Canal at Venice, Italy. It attracts best rowers from all over the world to participate in the prestigious Venetian rowing races on the Grand Canal.

Boat crews known as, ‘Gondoliers’ are decked in 15th Century costumes and the city overflows with a magical feeling of history revisited. Other activities include colourful parades and processions around the cities with people wearing historical costumes and venetian masks. In multicultural club, we made our own venetian masks with different colours. It was fun!

## Primary Schools Festival of Music

On September the 20<sup>th</sup> our school had the opportunity to be a part of the *Festival of Music*. We have all been working so hard this year to learn the songs and train our voices for the performance. It was an extremely long day and night but every moment was so much fun! To have the chance to perform was a truly amazing experience. We are so grateful that Miss Cooke organised this for us. She has gone above and beyond this year to get us ready and we appreciate everything she has done for us.

A massive thank you to Mr. Perri, Miss Cooke, Mr Hunter, Mrs Trenorden and Miss Gawkowski for escorting us on the day/ night and being a part of our Arts Appreciation lessons, we really appreciate all the time you have put into making the year/ day so special.

***“I really enjoyed singing *When Galaxies Collide*, because it sounds very beautiful when sung altogether”***  
– Benjamin Wolput RM 7

***“My favourite part was I got the music, because the *Junk Squad* came out and it’s a very catchy song”***  
– Mia Whitebread RM 7

# Acknowledgement of Country

The Department for Education (DfE's) *Aboriginal Education Strategy* was released in December 2018 to support Aboriginal students in reaching their full potential. The strategy focusses on empowering Aboriginal students as proud and confident learners.

The strategy is:

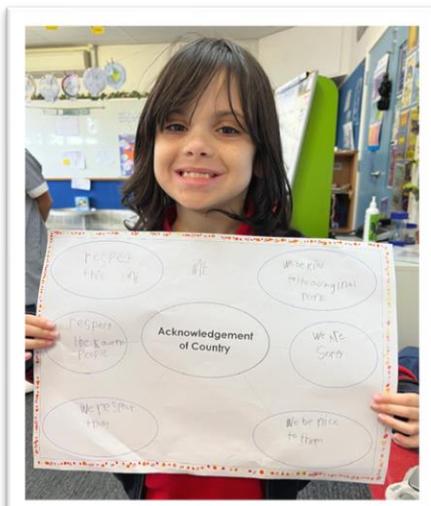

- Increasing opportunities for children and young people across South Australia to engage with Aboriginal languages
- Creating learning environments that respond to students' cultural needs
- Developing detailed individual learning plans for Aboriginal learners at our schools.

This term, students and staff have been personalising the Acknowledgement of Country. Recently three students attended our Governing Council Meeting to share their Acknowledgements of Country. Read below to hear the students' perspectives on their attendance:

Nate: When you chose me, I felt scared and excited. I was a bit nervous for being brave because I had to sing first and I said, "Can you please copy after me?" and they did. I felt like a leader.

Kodi: I was very, very scared before going because I didn't know I would do it so well. I felt good after I had finished. I was excited to write my own, some people in our class had really good ideas, so I put it together to make my own. I decided to make my own Acknowledgement of Country because the Country is special to me.

Scarlett: I was scared and nervous and I felt proud for being so brave.

# Sandpit Upgrade

Near the middle of the term, one representative from each class came up to discuss an iconic part of our school: the sandpit.

## What about it?

Well, we are upgrading EVERYTHING in that area.

We are working together to make it a relaxing area for us to use.

When? Around next year, sooo yeah! A bit of a wait!

-Adam

PS. Here's the proposal

## What is PAT Testing?

PAT testing was about our learning and other kids around the world. We did a Maths and Reading test, it will show our teacher how we are doing with our learning. We had to think lots to understand the questions!

Why do we do PAT testing?

To investigate all about how we are doing with our learning. We do the tests because it gives us intentions and strategies we can use for our learning. It was all about telling our teachers what else we need to learn about.

How did it make you feel?

We felt nervous at the start but after a little while we felt okay. The test made me feel excited because it was our first one. We felt lots of feelings like scared, happy and nervous!

Room 19- Georgia, Axel, LJ, Lucas and Skyla

## Canteen Update

We are pleased to share that a lovely lady called Yeoun (pronounced Yin) will be joining us as Canteen Manager for the remainder of the year. Yeoun has spent time with Julie this week learning about the Canteen and is excited to join our school.

As shared in previous communication, given the financial position of the Canteen, we will still be able to offer a five day service however the Canteen will not operate during Second Lunch for Term 4.

Our school community will miss Julie dearly and we wish her all the best with her next chapter.

## Slow Down, Children Around!

Please support us in keeping our community safe by slowing down when dropping off and picking up your children. In South Australia, 25km/h speed limits around schools are applicable 'when children are present'.

This week, each class has spent time practicing how to cross the road safely.

## Lunch Orders Made Easy!

Lunches can be ordered at the canteen before 8:50am or can be placed in the lunch order box in classrooms.

For mobile access, download the **QKR** app which can be used to order lunches before 9:00am daily.

*All menu items  
comply with the  
Right Bite Healthy  
Food & Drink Supply  
Strategy*
