A Message from the Principal

Premier's *be active* Challenge

In early November we received wonderful news that Karrendi had been selected as one of the 50 highest achieving schools in this year's Premier's *be active* Challenge. This year more than 29, 000 students completed the Challenge. What a brilliant achievement for our school!

To celebrate our success, 30 of our students attended the Premier's *be active* Challenge Reception at Priceline Stadium this week. During the day students participated in a range of 'come and try' physical activities and games with their peers. There was also a formal ceremony with the Premier and Minister for Education. Our students really enjoyed the event and the various 'come and try' activities they were involved in. It was great to hear that our students represented themselves and our school superbly on the day.

A big thank you to Anne Trezise for managing the Premier's *be active* Challenge at Karrendi Primary School. A big thank you also to staff, students and parents who have played an important role in making the Challenge so successful at Karrendi Primary School. Many thanks, also to Natalie Cooke for managing and organising the excursion to the Reception this week and to Sharon Jeffs for her support and supervision on the day.

Regards,

Mandy Alcorn – Principal

CONGRATULATIONS

Karrendi Primary School

for high achievement in the 10 week
Premier's *be active* Challenge.

Hon Steven Marshall MP
Premier of South Australia

You're invited to our

POOL IS OPEN TO THE WHOLE
FAMILY
- FAMILIES TO SUPERVISE THEIR
OWN CHILDREN

FREE SHOWBAG AND ICY POLE
TOKENS AT ENTRY!

***ALL CHILDREN MUST BE
ACCOMPANIED BY AN ADULT AT
ALL TIMES***

SRC Fundraiser Purchases

It's been wonderful to see the students of Karrendi enjoying the new additions to our school! After asking the students in their classroom for ideas of what we can buy for our school using the money from fundraising this year; SRC organised the purchasing of new netball posts, a portable basketball ring for the junior primary students, and a kitchen for the cubby house along with a bench and umbrella set to sit outside. Thanks to the students of Karrendi for their input and to SRC for choosing great equipment for our school!
